**Important:** LinkedIn members can only access the Resume Builder feature from the LinkedIn desktop experience. However, we're currently testing the feature, so it may not be available to you at this time.

You can use LinkedIn Resume Builder to assist you in creating a professional resume that will get you noticed by Recruiters and Hiring Managers. It can help you create a resume quickly by using existing data on your profile, which can later be downloaded as a PDF.

To access Resume Builder

1. Click the  **Me** icon at the top of your LinkedIn homepage.
2. Click **View profile**.
3. Click the **More** button in the introduction section.
4. Select **Build a resume** from the dropdown.

**Note:** Changes made on Resume Builder will not reflect on your LinkedIn profile.
